

A NOTE FROM THE DIRECTOR

Welcome to the “Son” Shine Learning Center family. We are looking forward to getting to know not only your child, but also all members of your family. We are pleased that you have chosen the “Son” Shine Learning Center at First Baptist Church for your child. The staff is committed to providing a warm Christian atmosphere and a happy and pleasant learning experience.

Activities are designed to provide effective learning for young children through exploring and doing. Interaction with other children, as well as with the teacher, enables each child to develop social and language skills. It is our goal to let the children be children and not rush the growth and learning process; children learn so much through their play. We believe, here at preschool, that the act of playing is the most important work a child can do.

We are a non-profit, religiously exempt agency of the First Baptist Church and use all fees paid to pay our staff and purchase supplies and equipment. We welcome and greatly appreciate any donations of materials or time. We encourage you to be an active part of your child’s preschool.

The handbook explains policies, procedures, and practices of the “Son” Shine Learning Center. Please read it carefully, and keep it handy for reference throughout the year. We shall be happy to answer any questions, and welcome your comments, suggestions, and cooperation.

In His service,
Sherry Schryver, Director

THE “SON” SHINE LEARNING CENTER DAY

A wide variety of activities are included in the “Son” Shine learning Center day. These activities are designed to encourage creativity and discovery as well as meeting the developmental needs of the child.

Working and Playing- Each child chooses from a variety of activities appropriate to his age: looking at books (Christian and other), listening to tapes, building with blocks, drawing and writing, painting at the easel, molding clay, using finger paints, cutting freehand, pasting, and putting together puzzles.

Eating Together- Children bring a lunch from home each day and are encouraged to participate in healthy eating habits and table manners during their lunch time together. A simple blessing

will be used before snack time and lunch time. Parents provide snacks as instructed by the teachers. Appreciation of each other is encouraged through child and adult conversations.

Computer Lab-Your child will have an opportunity to participate in our new computer lab. Our lab has seven (7) new Dell computers. In order to foster sharing in all aspects of preschool, each child will share a computer with a partner. Our computer lab is located in the Sanctuary building.

Singing and Enjoying Musical Activities- by participating in enjoyable music activities of all types, children improve self-confidence, motor coordination, speech and language, rhythm, creativity, and imagination. Use of the guitar and supplemental materials add to the fun. Music is incorporated into the daily classroom activities as well as a daily music class.

Sharing Group Experiences- Listening to stories (including Bible stories) and poems, talking together, participating in “show and tell”, and taking walks and field trips help broaden the child’s range of interest, improve language skills and contribute to a happy learning experience.

Special Interest and Community Helpers- **Periodically, the children have an opportunity to explore special interests and see presentations by visitors with different specialties. These include firemen, policemen, dentists, physicians, and other vocational or hobby areas. Please inform your child’s teacher if you have talents and interests you could share with the children.**

Cleaning Up- Children are encouraged to return materials and equipment to designed places. Children are required to wash their hands with soap and water after using the toilet or art supplies and before eating.

Enjoying Physical Activity- Climbing, jumping, running, riding toys, and taking part in games enhance the child’s physical growth, give support to the development of muscle coordination, and encourage cooperation and social development.

Fund Raisers- we occasionally hold fund raising activities to assist with particular needs at “Son” Shine Learning Center. These activities are optional. We do not want children or parents soliciting door-to-door.

WAYS PARENTS CAN HELP

Help your child attend regularly except when ill.

Dress your child in comfortable play clothes. Weather permitting, all children play outside each morning. It is helpful if coats are marked with your child's name.

Teach your child self-reliance by encouraging him to do things for himself. Allow time for this.

Please do not send toys for "show and tell" or for special events unless requested by the teacher. Often "special" toys are hard to share and could get lost or broken.

Let us know if you would like to share a talent or interest.

Get to know your child's teacher and work with her concerning any problem that may arise.

Take time to listen to your child's daily experiences, and discuss them with real interest. Show excitement in viewing art projects.

Report any upsetting experiences that may help the teacher better understand the child's behavior.

Send materials from home that you may have for art or craft projects when requested by the teacher.

Help your child learn his full name, parents' names, address, and telephone number when age appropriate.

Be willing to help with field trips and other special events.

If your child is in diapers, please supply disposable diapers when the child attends "Son" Shine Learning Center. Children enrolled in our 3, 4, and Pre-K classes are required to be potty trained.

Observe opening and closing times to provide maximum class time for the children.

Be sure that cellular telephones are turned on when you are away from your child at preschool. .
